

CAPABILITY STATEMENT

Disaster Response • Environmental Remediation • Reconstruction

EXECUTIVE VALUE STATEMENT

DFW Restorations Enterprise delivers rapid, disciplined, and scalable response for large-loss mitigation, environmental remediation, structural stabilization, and reconstruction. Built for the operational demands of FEMA, USACE, and emergency-response environments, we mobilize quickly, execute with precision, and maintain full transparency from kickoff through closeout. Our mission-driven approach integrates milestone certainty, rigorous subcontractor oversight, and audit-ready documentation—reducing agency risk and accelerating the restoration of critical infrastructure and community continuity.

CORE COMPETENCIES

- Large-loss mitigation & structural drying
- Fire, smoke & contamination remediation
- Mold containment & regulated waste handling
- Structural stabilization & shoring
- Roofing & envelope restoration
- Full reconstruction & rehabilitation
- Multi-site disaster coordination
- Project controls & compliance reporting

SECTOR SPECIALIZATION

Federal administrative facilities • USACE-managed civil infrastructure • Public safety & EOC centers • Healthcare & regulated environments • Educational institutions • Mission-essential infrastructure

WHY DFW RESTORATIONS ENTERPRISE

- Prime-level project oversight & milestone discipline
- 24/7/365 rapid mobilization capability
- Scalable workforce & equipment infrastructure
- Multi-location operational command structure
- Experience in occupied & essential-use facilities
- FEMA reimbursement familiarity & compliance alignment

DIFFERENTIATORS

Equipment-owned deployment model • Structured project controls • CPARS-aware performance framework • Cost accountability systems • Scalable subcontractor network • Safety-driven execution culture

PAST PERFORMANCE – CPARS ALIGNED

Execution aligned with CPARS evaluation standards including schedule adherence, cost control, quality assurance, safety compliance, and documentation accuracy—supporting federal oversight, audit review, and long-term contract eligibility.
